

ADOPT AN ANIMAL

Give them a Second Chance!

Animals may be 'adopted' through Living Sky Wildlife Rehabilitation in Saskatoon, Canada, to support their successful rehabilitation and release back to the wild where they belong.

Your adoption fees go toward food, housing, medical care, transportation, and general care of the animal to prepare it to return to its natural habitat.

Adopters also receive a Tax Receipt for the donation!!

Adoptions make ideal gifts to:

- honour a retiring colleague
- wish someone a happy birthday
- celebrate a young couple's wedding
- commemorate a wedding anniversary
- rejoice at a child's birth
- give to somebody who has everything at Christmas
- memorialize the passing of a close friend
- give to yourself and support our wildlife rehabilitation efforts

You may pick your favorite animal or leave the selection up to us.

Individual

Robin	\$20	Nest of Robins.....	\$50
