

A Wildlife Legacy... Planned Giving

Memorial donations to Living Sky Wildlife Rehabilitation are tax-deductible and can be dedicated toward the care of a specific species if requested. Memorial Certificates available upon request.

Your legacy can be the Gift of Life for injured & orphaned wildlife.

We are dedicated to helping our Saskatchewan wildlife get the care they need to be returned to their natural habitat in the wild. We accept all wildlife in need of assistance.

As a primarily volunteer-run organization, all your donations will go toward medical needs, housing and care of the injured and orphaned wildlife.

Planning your estate? Contact us to discuss your wishes.
